

West Coast Honey
Heaven From a Hive

Gingin Coach Tour

The Gingin Day Tour offers visitors a great value, truly unique day out - without sitting on a bus all day!

Tour departs Joondalup at 9am and returns to Joondalup by 4:30pm. Services are available in all areas, however additional travel time may need to be taken into account.

Depart Joondalup and head on out to **The Maze**, for a delicious morning tea of fresh baked home made scones served with strawberry jam and double thick cream and tea or coffee. Meet our resident koalas and get right up close as their keeper presents the 'Koala Experience', an informative presentation about these adorable animals. Then take a stroll around the beautiful park and visit our other Australian animals and birds.

Now it's back on the bus and off to **West Coast Honey** for some honey tasting and a chance to see honey production in action. Have a look through the great gift shop and if you have room, treat yourself to our famous honey ice cream, yum!

Next we go to the **Gravity Discovery Centre**, just a short trip up the road, where it's time to sit back and relax while we serve you a great BBQ lunch with salads, non alcoholic punch and tea and coffee.

While at the Gravity Discovery Centre you'll be treated to a wide range of fascinating activities, including:

- Guided tour of the GDC
- Cosmology and biodiversity gallery
- Indigenous culture, art and history
- Guided wildflower walk (seasonal)
- Leaning tower of Gingin
- Hear all the latest news on the research at AIGO

Departing the Gravity Discovery Centre, we travel back towards Joondalup, stopping in at **Drovers Markets** where you can buy a coffee at the café, browse the outdoor centre or check out the farmer's markets for some great, fresh, local produce.

The Gingin Coach Tour costs:

Concession - **\$37 per person**, Adult - **\$39 per person**, minimum of 30 persons.

* prices not including transport
